

# Major Public Lands of Washington 2000

2000

## Major Public Lands

Department of Natural Resources	
Granted Trust Lands	
Common School, Indemnity and Beach	
Agricultural School	
Scientific School	
Normal School	
University Transferred	
University Original	
Charitable, Educational, Penal and Reformatory Institutions	
Capitol Grant	
Forest Board Trust Lands	
State Forest Board Transfer	
State Forest Board Purchased	
Other DNR Lands	
Other DNR including Community College Reserve in Snohomish County	
Natural Areas	
Natural Resources Conservation Area (NRCA)	
Natural Area Preserve (NAP)	
Other Lands	
Tribal Center / Indian Reservation Boundary	
Municipal Watershed	
Other County or Municipal	

The minimum legal size for non-DNR managed land required for this map is 160 acres. Only major DNR administrative units are shown. All ownership is effective April 2000.

Access on DNR's Natural Area Preserves is restricted to approved scientific research and educational uses. Most of the public or tribal lands portrayed on this map are closed or have restricted entry and travel rules.

Please observe all municipal, state, federal and tribal regulations.

Scale 1:750,000  
1 inch on the map represents approximately 12 miles on the ground  
1 centimeter on the map represents 7.5 kilometers on the ground  
Elevations are in feet

Kilometers  
0 10 20 30 40 50 60 Miles  
0 10 20 30 40 50 60

DNR Region Office  
County east (undefined) / State Capital  
Interstate Highway / Cut of State...  
U S Highway / Out of State or Canada  
State Highway / Oregon, Idaho, B.C. Provincial  
U S Forest Service Route / Other Road  
Ellensburg ★ Olympia  
March 16, 2000

WASHINGTON STATE DEPARTMENT OF  
**Natural Resources**  
Jennifer M. Belcher - Commissioner of Public Lands

April 2000

## Note To Map Users

Sources: Public land survey, county, state and international boundaries and Department of Natural Resources (DNR) managed lands are from DNR's Geographic Information System (DNRGIS). Non-DNR ownership is also from DNRGIS and is derived from U.S. Bureau of Land Management's ownership records and from individual state documents and maps, public agencies or Tribes. Washington Interstate, U.S. and State highways are from Washington Department of Transportation's database or maps. All other Washington roads are from DNRGIS. Out of state roads are from 1:250,000 U.S. Geological Survey (USGS) or National Resources Council maps. Washington hydrography is from Environmental Protection Agency's River Reach Data. Feature names are from USGS's Geographic Names Information System and other public agencies or Tribes.

Credit: Cartographic research, design and production by Department of Natural Resources, Engineering Division, Resource Mapping Section; Donald W. Hiller, Elizabeth Shadie, Mark Mackay, Cheyenne Petersen, Patrick Carter, Ralph Perry, Tim Gregg, Jack Karsner, and Afifa de Leon. Geographic Information Systems support: DNR Information Technology Division.

Disclaimer: Extreme care was used during the compilation of this map to ensure accuracy. However, due to changes in ownership and the need to rely on outside information, the Department of Natural Resources cannot accept responsibility for errors or omissions and, therefore, there are no warranties which accompany this material.

Projections: Projection in Lambert Conformal Conic based on standard parallels at 33 and 45 degrees.
